Birthday Rally Service Planned

Galilee Church Sunday 7:30 P.M.

The general public is cordially invited to attend the special service planned by Deacon Herbert Allen, the leader in the Twelve Month's Birthday Rally, sponsored by the Galilee Baptist Church this Sunday evening at 7:30. The special guest will be the pastor of the Mount Shiloh Baptist Church and his senior choir from Sport Spring.

All officers and members of the Prentice Land Baptist Church are asked to attend the special church meeting on Saturday, Feb. 27 at 2:30 p.m. This meeting will take the place of the meeting that was cancelled on account of snow last month. The pastor is urging all interested members to attend.

Impressive services were held at the Mount Shiloh Baptist Church last Sunday morning at the regular 11:30 services. The Rev. Fernida Shelton, of Lynchburg, was the guest speaker. The Senior Choir rendered special music. The Rev. Raymond Turner assisted in the devotional period.

Mrs. Mattie Goode Lawson is taking special treatment in the University Hospital at Charlottesville. We hope for her a speedy recovery.

All patrons and parents are reminded of the next regular P.T.A. meeting to be held on Monday evening March 1, 1965 at 7:30. The president of the State Organization of P.T.A.'s will be the guest speaker. A special program will be presented. The local president, Rev. J. W. Paige, is asking a 100 percent attendance.

We were very proud of our local boys and girls basketball teams on last Friday and Saturday evenings. On Friday our boys played the Susie Gibson High School of Bedford and our Senior and Junior teams won both games with good scores. On Saturday evening our boys and girls teams met the Luther P. Jackson teams from Cumberland. The girls won by 14 points' margin and our boys had over a 20 point lead On Tuesday evening of this week our boys will go to Amherst to play a return game. We hope for them back. Central of Amherst has been our toughest opponents.

The Willing Workers Club of the Mount Shiloh Baptist Church last Sunday announced plans for its annual Ladies Day program to be observed on the third Sunday in March at 3 p.m. Final plans will be worked out on its next monthly meeting. ALL MEM next monthly meeting. All members of the club are asked to attend the meeting.

Mrs. Jacqueline Potrate and her son, Calvin, and Mr. and Mrs. Williams, of Baltimore, Md. spent the week end here as the guest of her parents, Rev. and Mrs. R. Q. Lawing.

Dannie Goode is receiving special treatment in the Lynchburg General Hospital.

The general public is cordially invited to attend the basketball game here this Friday evening at 7 p.m. between the Farmville Court House and the local girl's and boys's teams. This is a conference game and we need your moral support.

The public is cordially invited to attend the church of your choice this Sunday morning.

1st Baptist Church

The Ladies Aid of the First Baptist Church held its regular meeting with Miss Ruth Irving, hostess. All present enjoyed the meeting and refreshments.

On last Sunday most of the children were present for Sunday School.

The 11:30 a.m. service was conducted by the Rev. John Beamer, principal of Bedford High School, Bedford, Va. The inspirational music for the service was rendered by the Senior Choir. The local group rendered one beautiful selection. Accompanying the Rev. John Beamer was his brother and father, whom are ministers also. Also present were the families of the Revs. Beamer.

The service for the day was enjoyed by all. The offering was very good.

Insects AND YOUR HEALTH

OLD ARCHIE!

According to the NATIONAL PEST CONTROL ASSOCIATION, Archie, the cockroach, has been plaguing man for about 250 million years. Now he seems to be developing a resistance to man's most recent method of control. Over the years, man has tried virtually every lethal agent. Undaunted, and uncontrolled, roaches continue to multiply in all kinds of homes, buildings, and breeding places. Their ability to develop resistance to control chemicals which formally held them in check calls for increased skill and ingenuity by professional pest control operators, says NPCA.

CLEAN OR DIRTY

Contrary to many popular beliefs among housewives, the presence of rouches does not necessarily indicate poor housekeeping methods. I have found some of the cleanest, most tidy homes in this area to be badly infested with roaches. Roaches need breeding places . . . not necessarily food particles. Our friend Archie can be found in warehouses and other places where no food is stored or consumed. Undoubtedly, the roach is the most pestiferous of all insects.

"Atomic World" To Be Shown AHS Students

A demonstration lecture program, titled "This Atomic World will be presented in an assembly program at Appomattox High School on February 22. The program, sponsored by the United States Atomic Energy Commission, is presented by the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn.

The Institute is a nonprofit, educational and research corporation of 40 Southern universities and colleges, operating under contract with the Atomic Energy Commission. The traveling exhibits units, which visit hundreds of high schools throughout the United States each year, are designed to provide the public with a better understanding of atomic energy.

Curtis A. Williams, an exhibits manager who has received special training in nuclear science will present the program. Mr. Williams holds a bachelor of science degree from Stephen F. Austin State College, Nacogdoches, Texas.

The demonstrations and lectures are designed specifically to acquaint high school students with the basic principles and uses of atomic energy and to stimulate their interest in science

Subjects to be covered include and radio - activity, radiation biology and fission and fusion. The uses of radioisotopes are also included. The application of these isotopes in agriculture, industry, and medicine is an important aspect of the nonmilitary use of atomic energy.

Following the assembly presentation of exhibits and visual aids, Mr. Williams is available for classroom sessions with science students.

Farm Loans Available Here

A new program of small loans coupled with farm management assistance is now open to farm families with limited incomes in Appomattox County, Hunter P. Evans, county supervisor for the Farmers Home Administration, said today.

Farmers in Appomattox County can participate in the program to develop higher returns from their farming operations.

Loans up to $2,500 are available to farm families with limited incomes who cannot qualify for financial assistance under regular loan programs of Farmers Home Administration or private lenders.

Opportunity loans are aimed at helping farm and rural families earn more income through their own enterprises and remain on the farm.

Loans to farmers operating small, limited income farms may be used to purchase livestock, machinery and euipment, construct or repair farm buildings, pay annual operating expenses for seed, feed and fertilizer, refinance real estate debts and purchase land. The loans also may be used to buy shares in small cooperatives that serve rural people.

Loans are repayable over period of up to 15 years. They carry an interest rate of 4- one-eighth percent.

Additional information on loan program under the Economic opportunity Act is available at the Farmers Home Administration office in Farmville, located in the Watson Insurance Building. Mr. Evans also has part-time office hours at Appomattox at the ASCS office on Tuesday mornings from 9 to 9:30 a.m.
